You will learn how to use the Be Present Empowerment Model® and our **multigenerational learning and transformative leadership** approach to:

- Share your voice in a nurturing environment where feelings and experiences are validated and supported.
- Increase knowledge of self and awareness of others through listening in a clear and present state.
- Engage in conversations that nurture and sustain authentic relationships inclusive of issues of race, gender, class, ethnicity, culture, language, religion, age, sexual orientation, and gender identity.
- Build relationships based on trust and mutual accountability.
- Integrate self-care, creativity and play into all that you do.

The workshop includes diverse participants of all ages, backgrounds and experiences. **All are welcome! It is limited to 50 people so please fill out Registration Form and email to info@bepresent.org. We ask all participants to commit to being present for the entire workshop time.**
