SLIDING FEE SCALE GUIDELINES

Be Present, Inc. is committed to having participants that represent a broad spectrum of our diverse communities. It is important that money does not create a barrier to anyone attending this conference (or any of our trainings) so we use a sliding fee scale. **The actual per person cost for the conference is \$1,500, which means Be Present, Inc. covers the difference from its operating budget for each registration that is less than this amount.** We do not require participants to pay any set fees based on financial resources. However, to the extent that participants pay at the highest rate they comfortably can, it allows Be Present, Inc. to continue to offer our work to many people and organizations. These guidelines are not mandatory in determining your fee. They are offered to encourage awareness around paying what you can. If possible, please consider 1% of your annual income.
