Be Present Vision Based Social Change Fundraising Model

Be Present believes that all people from all backgrounds are investors in and receivers of the work of social justice. In order to sustainably harvest these benefits, it is important to explicitly address the issues that emerge as people give and raise funds. Having honest, engaged and transformative conversations about money is a critical part of advancing and sustaining social justice visions and movements. The beautiful image in the watermark on this page is designed by network member Khara Scott-Bey. The roots represent our grounding in a movement that spans 30 years. The trunk embodies the strength of our Vision-based Social Change Fundraising partnerships, which includes staff, board, the capacity building campaign team, support and core group members, as well as supporters like you. The branches indicate the many creative ways to identify and raise resources. The leaves and fruit illustrate the abundance that manifests from our collective efforts.

THERE ARE MANY WAYS TO JOIN US AND BE PRESENT IN THIS VISION!
